Presents

Flatmate Audition!

I'm Keegan, 28 year old musician. I live in Hikutaia on a lifestyle block, in a large house, where I receive 24/7 disability support for my high and complex needs.

Time has come, my parents have moved out of the house, to a wee studio on the property, leaving me the house to share with flatmates. The house is over 300 sqm and has 3 living areas, 6 bedrooms, amazing bush views towards the Coromandel Forest Park and a huge deck. We have dogs, a cat, goats, chickens and cattle.

I am looking for two or three flatmates to join me, preferably in my age group. Most of the house is either wheelchair accessible or wheelchair friendly.

Definitely not a party house (no alcohol) but we are social and down for sharing music, going on outings and organising movie nights. There is a large barn, set up for entertainment, with a 5 metre high blowup movie screen.

I am sensory sensitive so I enjoy low levels of noise and lighting.

I am looking for flatmates who will become my friends so long term only.
